

# Finding Quality Car Care Doesn't Have to be Tricky.

Why choose Economy Car Care in Valley Park? Area customer Jack emphasizes that it's because "they are always professional, polite, and give me fair price for great work."

Honest, trustworthy, reliable: these are just a few of the words customers use to describe the ASE-certified team at Economy Car Care Center. And now, that same level of service is available to customers of JOIS Automotive.

"We purchased the assets of JOIS Automotive in April," explains Economy Car Care Center owner Marc Pemberton, "and we're thrilled to welcome these new customers to our family!" For JOIS Customers, the move to Economy Car Care Center means staying with a company that is locally owned and operated, technologically updated, boasts well-trained mechanics, and is family oriented. Modern diagnostic programs and equipment are used to ensure that problems

with customers' vehicles are identified properly the first time. Economy Car Care Center is the only AAA-Approved automotive repair shop in Vally Park.

Pemberton shares, "I decided to go into the automotive business after witnessing other repair shops taking advantage of my parents. I was in high school at the time, but I knew I wanted to make a difference. I worked as an automotive technician for 11 years in New York, and managed a repair shop in St. Louis for 13 years before purchasing Economy Radiator in 2007. Shortly thereafter, I converted the radiator shop into a full-service auto repair shop and changed the name to Economy Car Care Center."

Marc Pemberton's background and dedication has shaped the motto of Economy Car Care Center, which is to treat each vehicles as if it were their own. "My honesty and integrity promise a 100% customer satisfaction guarantee, and we will never sell you anything that you don't need," he emphasizes.

Stop in today to see why Economy Car Care Center makes servicing your vehicle a pleasant experience. You will see the difference with your very first visit.
